

HIGHLANDER SECURITY SHREDDING

Customer Testimonials, Quality & Environmental Assurance

Highlander Security Shredding is a division of Highlander International Recycling, Scotland's premier independent paper recycling company, and provide confidential shredding services to a wide range of organisations in central Scotland and beyond.

Beat The Banks 

Beat The Banks have been using Highlander Shredding for many years now and find the service exceptional. Nothing is too much trouble and staff are friendly, helpful, obliging and informative. Beat The Banks would have no hesitation in recommending Highlander Shredding.

 **First Scottish**
DOCUMENT MANAGEMENT

First Scottish Document Management Limited have had the pleasure of working with Highlander International Recycling for over a year. Secure and confidential destruction is vital for our business needs which Highlander have delivered for us. They combine great customer service with flexibility and reliability.

THE GLASGOW SCHOOL OF ART

The Glasgow School of Art have used Highlander Recycling for their confidential waste disposal requirements for over 3 years and have found their services to be very cost effective, environmentally friendly and well managed. The confidentiality of the waste is maintained from uplift to destruction at their site and all relevant paperwork is provided upon destruction.

 **Glasgow WEST**
HOUSING ASSOCIATION LIMITED

Highlander have been really reliable, flexible, helpful and organised with uplifting, shredding and recycling our confidential items. They have provided us with an invaluable support in shredding services, which is great value for money.

HIGHLANDER SHREDDING

G4S

We at Claire Clifford have worked with Highlander for a long time and find their service second to none. All of the staff are friendly, knowledgeable and can't do enough to help whenever called upon. I would have no hesitation in recommending Highlander to any company that looks for great prices and customer service.

Professional and Reliable. The weekly service we receive runs like clockwork with no issues.

As a high quality scanning bureau, Crisp Documents Ltd look to work in partnership with the best companies within our sphere. Highlander International fit perfectly in to that position. The quality and speed of service coupled with friendly, easy to deal with partner contacts make the process of securely disposing of our client's documentation a very easy job. Add the swift receipt of destruction certificates to the mix, along with the knowledge that the certificated standards that Highlander International are accredited with, ensure the job is done correctly every time.

CLYDE VALLEY GROUP

Clyde Valley Group have been using Highlander International now for the last couple of years and they have consistently provided efficient and reliable service. All staff have been personable, reliable, easy to deal with and have met any requests that we have made with good time and a positive attitude. We would have no hesitation in recommending Highlander International and would be happy to continue using their services in the future.

We are delighted to have been working with the team at Highlander for over a year now. From the ease in setting up our account, the competitive pricing, and the weekly uplifts that are never missed the team at Highlander can't do enough for us at City. We would not hesitate in recommending Highlander International to others.

Very professional service, quick response time and uplift for collections. Their staff are polite and courteous and have no issue uplifting bags from higher floors or harder to access areas. Very efficient company and destruction certificate is promptly e-mailed with no need to chase it up. They are more competitively priced than our previous shredding company.

Lanarkshire Credit Union have been working with Highlander International Recycling for over 6 months now and we find their service very efficient and professional. The collection staff are always friendly, polite and hard-working. The office staff are always very helpful and will do what they can to accommodate our requests, and at a very reasonable price. As we are a financial services organisation it is imperative that our data and members data is handled safely and professionally.

I have found Highlander Shredding to be very professional when dealing with our confidential shredding. They conduct themselves in a professional manner from uplifting the shredding to final stages of producing our monthly report. We have even had the opportunity to attend an open day at their premises where the process was explained. I would highly recommend Highlander International Recycling.
